TO: Magalie Salas:

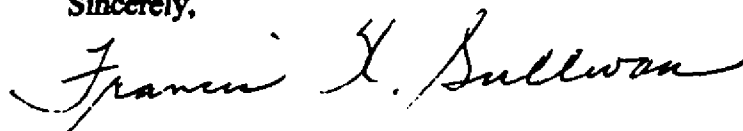

Broadwater would be too costly, too risky, and is not needed in Long Island Sound. This facility is an inappropriate use of the estuary. Our tranquil, calm waters of the Sound would be forever disrupted by the constant presence of armed private security surrounding the barge.

This facility limits public access and sets a dangerous precedent of industrializing the Sound. Tourism would be hurt. The disruptions in the race affect fishing activities.

I am concern who is ultimately paying for this.

Please do not support "Broadwater".

Sincerely,

Francis X. Sullivan
